

All Gun Transfers Must Meet All Applicable State and Federal Laws

In order to ship a gun to Pioneer Valley Arms and have it transferred to you, you must first fill out our Transfer Form. Once you have read this FAQ completely and are certain that the gun meets our policies, please download and fill out the Transfer Form from our website. *If a gun arrives at our store and is NOT compliant it will be returned to the sender at YOUR cost.*

Approved Locking Device

Massachusetts law requires that any firearm sold or transferred within the Commonwealth must be sold with a safety device designed to prevent the discharge of such weapon by unauthorized users. If the person receiving the firearm or large capacity weapon does not have an approved safety or locking device with them, one must be purchased from Pioneer Valley Arms at an additional cost.
